Speedrite™
DATAMARS

NEW

Unigizer U15000W

Power supply:
Mains and battery

✓ *Power:*

- 15 J

✓ *Performance:*

- **Cyclic Wave technology** (patented by Speedrite): a pulse wave form that maintains high voltage (V) and energy (J) over longer distances.
- **Output voltage:** 9,800 V
- **Voltage under a 500 Ω load:** 7,400 V
- **Capable of electrifying long distances:** up to 80 km

✓ *Convenient:*

- **Bluetooth and Wi-Fi connectivity** allowing you to control your fence from your mobile phone via the Datamars PRO app
- **Large terminals** for easy handling and a more secure connection of the wires

✓ *Safe:*

- **Operates on mains power and a backup 12 V battery simultaneously:** continuous fence power in the event of a power cut (notification via the app)
- **Internal lightning protection**
